

App onboarding script

Help a first-time user reach a useful result quickly.

FROM THE SETLY PROJECT LIBRARY

A real project screenshot for visual inspiration. Follow the written steps for your own business.

YOUR ACTION PLAN

- 1 Choose the first action that demonstrates value.
- 2 Collect only the information required for that action.
- 3 Explain permissions when they become necessary rather than all at once.
- 4 Offer clear progress, cancellation and a way to resume.

EXAMPLE - ILLUSTRATIVE

A task app can let someone create a first task before asking them to invite a team.

CHECK YOUR RESULT

Can a new user reach value without completing unnecessary profile fields?

App onboarding script

Use the prompts below to make this resource specific to your business. Save a local copy after completing it. Keep passwords and private customer data out of this worksheet.
