

Website ownership register

Know who controls every part of your website.

FROM THE SETLY PROJECT LIBRARY

A real project screenshot for visual inspiration. Follow the written steps for your own business.

YOUR ACTION PLAN

- 1 List the domain, hosting, content system, analytics and connected services.
- 2 Identify the business owner and recovery contact for each account.
- 3 Record access roles and renewal responsibility without storing passwords in the worksheet.
- 4 Review access when a teammate or supplier leaves.

EXAMPLE - ILLUSTRATIVE

The business should know which account renews its domain even if a contractor built the site.

CHECK YOUR RESULT

Can the owner regain control without depending on one contractor?

Website ownership register

Use the prompts below to make this resource specific to your business. Save a local copy after completing it. Keep passwords and private customer data out of this worksheet.

System:**Account owner:****Recovery contact:****Access roles:****Renewal owner:****Review date:****DONE WHEN**

Can the owner regain control without depending on one contractor?
