

Plan an editable content system

Decide what your team should update without a developer.

FROM THE SETLY PROJECT LIBRARY

A real project screenshot for visual inspiration. Follow the written steps for your own business.

YOUR ACTION PLAN

- 1 List frequently changing content such as articles, prices and team profiles.
- 2 Group repeated content into consistent fields.
- 3 Assign editing and approval responsibilities.
- 4 Test a typical edit, preview and publication using a sample item.

EXAMPLE - ILLUSTRATIVE

A project entry uses title, cover image, summary and website link rather than an unrestricted page editor.

CHECK YOUR RESULT

Can the intended editor update content without breaking the layout?

Plan an editable content system

Use the prompts below to make this resource specific to your business. Save a local copy after completing it. Keep passwords and private customer data out of this worksheet.
