

Mobile website review sheet

Catch common phone-layout problems before launch.

FROM THE SETLY PROJECT LIBRARY

A real project screenshot for visual inspiration. Follow the written steps for your own business.

YOUR ACTION PLAN

- 1 Open the actual site on a phone, not only an editor preview.
- 2 Read the headline and navigate every menu without zooming.
- 3 Complete a form and check keyboard behavior, error messages and confirmation text.
- 4 Check image crops, long words, button spacing and any sticky controls that cover content.

EXAMPLE - ILLUSTRATIVE

A floating chat button covers Submit on a small screen; moving it restores the enquiry flow.

CHECK YOUR RESULT

Can someone complete the main action with one hand and normal text size?

Mobile website review sheet

Use the prompts below to make this resource specific to your business. Save a local copy after completing it. Keep passwords and private customer data out of this worksheet.
