

Plan a five-page business website

Give every page a clear job before design starts.

FROM THE SETLY PROJECT LIBRARY

A real project screenshot for visual inspiration. Follow the written steps for your own business.

YOUR ACTION PLAN

- 1 Write the question each page should answer for a visitor.
- 2 Build a simple map connecting Home, Services, About, Work and Contact.
- 3 Choose one primary action per page and identify the next useful page.
- 4 Remove repeated content and list any missing photography, copy or project examples.

EXAMPLE - ILLUSTRATIVE

The Services page explains the offer; Work provides evidence; Contact asks only for the information needed to reply.

CHECK YOUR RESULT

Can a visitor reach your enquiry form from every service page?

Plan a five-page business website

Use the prompts below to make this resource specific to your business. Save a local copy after completing it. Keep passwords and private customer data out of this worksheet.
